THEMATIC SEMINAR

Environmental NGOs – Projects and Results

Environmental NGOs have proven over time that they can be more than a critical voice of civil society – they are promoters of good practice and changes, but also dedicated educators.

Through innovative projects and concrete initiatives, these organizations play an essential role in protecting the environment and raising public awareness.

This seminar is dedicated to **Environmental NGOs**, giving them the opportunity to show their results and the challenges they need to overcome.

We will explore creative solutions and effective strategies to develop environmental projects.

Participants:

- ✦ Environmental NGOs representative
- ✦ Decision makers and partners (public and private sector)

- ◆ Maximum participants: 25 persons
- ◆ To participate, please fill the form
- ◆ Language: Romanian

We invite you to join us!

Let's build the debate together!
